THE SHEEP'S BACK

AWI's WA Sheep Network

Maggot Mail June 2016

Regional Roundup

We ask farmers State wide the following questions about their sheep system:

- Fly & Worm Activity
- Pregnancy Scanning
- June Rainfall & Pasture Actions
- Seasonal Comments

There is quite a spread in rainfall with most of the State having a good livestock season with the exception of the far north.

[Click here](#) to read the report.

Making More From Sheep are holding half day Lamb Survival & Post-Mortem Workshops throughout the State in July. Click on the site name below to see the full details.

[Muresk](#) - Monday 11th July

[Katanning](#) - Wednesday 13th July
