

In this Maggot Mail: Regional Roundup, Autumn Sheep Optimiser Workshops, Wool Selling System Review.

# THE SHEEP'S BACK

## AWI's WA SHEEP NETWORK

---

### MAGGOT MAIL February 2016

---

This Regional Roundup we are asking about:

- Fly Activity
- Worm Activity
- Feeding Regime
- Rainfall & Water This Summer
- Seasonal Comments
- [Click here](#) to read the report.

### Wool Selling System Review

The most significant examination of the wool selling system since the digital age, is now complete.

Commissioned by the Board of Australian Wool Innovation (AWI), the Wool Selling Systems Review has examined in detail the opportunities for innovation in the exchange of wool from the farm gate until it passes the ship's rail for export. The estimated total cost of this exchange of wool last financial year has been estimated at about \$300 million. To find out more about the review and get a link to the document itself please [click here](#).

## Autumn Sheep Optimiser Workshops

Featuring Presentations on:

- **Multi Year Shearing** - The opportunities, the risks and the economics.
- **Chaff Carts for Sheep Production** - Are they worth it?
- **Is Water Quality Reducing Your Feed Efficiency** - E. coli, Giardia, salinity, algae. What impact are they having on your flock & what can you do about it?
- **Pasture Establishment** - Getting stocking rate back to optimum ASAP.
