The Sheep’s Back Services Menu

The Sheep’s Back (TSB) is Western Australia’s wool producer network, funded by AWI. TSB is managed by a team of very experienced livestock consultants who are assisted by a Producer Advisory Panel (PAP), which consists of leading woolgrowers and representatives of associated businesses. Our mission is to champion the Western Australian Merino sheep industry and improve grower confidence and their capacity to make better and timelier decisions.

This document is designed to provide groups and individual producers in Western Australia with some examples of what The Sheep’s Back is able to deliver to wool growers in the way of event and presentation information. This is not a limited list and many other topics are able to be covered, just get in touch to discuss any other topics or event types you may be interested in.

**Half-Day Workshops**

**Winning With Weaners** – Aimed at improving weaner management of Merino flocks, targeting 95% weaner survival to one year of age. WWW identifies key practical actions and tools for commercial enterprises to implement on farm to achieve this performance aim. The workshops discuss factors that contribute to weaner mortality and illthrift, and provides practical pathways for improving performance from this group of sheep.

**Ramping Up Repro** – A hands-on workshop focused on improving ram performance and working longevity in commercial sheep enterprises, increasing the skill of producers across the key components of ram performance and impacts on overall breeding enterprise performance.

**Picking Performer Ewes** – Aimed at lifting lifetime performance from Merino ewes by recognising and placing importance on the total lifetime productivity potential and value of their Merino ewes (fleece, meat and surplus stock.

**Foundations of Sheep and Wool Production** – (coming soon) – This course is aimed at young farmers, employees and those re-entering or expanding sheep numbers. You may not have had the level of exposure to the sheep industry to enable you to develop confidence and competence with managing a sheep enterprise. This course is comprised of both theoretical and practical components.

**Wild Dog Issues & Information**

AWI funds wild dog coordinators in each mainland state. WA Wild Dog Co-ordinator, Meja Aldrich is based in Geraldton and keen to get on-farm with producers and work on this major issue. For Wild Dog information, you can contact Meja directly on 0417 622 780 or meja.aldrich@wool.com
